I just wanted to let you know how grateful I am for this program. As a single mother, it is important that my boys are involved in sports to keep them busy. As a low income citizen, I have been using the Kidsport program for my children who have found a passion and love for soccer. The skills and experience they will have for life is made possible because of you, so on behalf of my kids and I, A BIG, HUGE, GIANT THANK YOU. - JT, Kidsport Mom of 3!

*I don't know how to thank all your team. Your help to support families to provide recreation and sports for their kids implies a more healthier lifestyle for the next generation.
Thank you all - Azam, KidSport Dad*

*My heartfelt thank you and appreciation for the financial help the KidSport extended to my son Julian. It means so much to us especially for Julian where he's able to develop his skills in basketball. Not only that, it helps him enhance his social, and emotional aspects as well. And more importantly, being in the club helps him develop his SELF-CONFIDENCE.
Thank you so much for your help. Sincerely - Julian & Family*
