

KidSport Grant Guidelines

How does KidSport determine eligibility?

KidSport considers social and economic barriers that make it difficult for families to fund their children's sporting activities. Each application received is reviewed on its merit and individual circumstances. Funding is available for children 18 and under.

What does KidSport fund and how much?

Funding is provided for organized sport registration and/or equipment costs up to a maximum of \$300 per child for all Sports including Hockey and Ringette in each calendar year. KidSport reserves the right to limit the number of grants per family.

What sports are covered by KidSport?

KidSport North Bay funds all organized sports including hockey and ringette. They must be led by a qualified instructor and be approved by the KidSport Board.

What is the deadline for an application?

Applications must be submitted 30-45 days prior to the sport beginning. Applications received after December 1st in the current year will be considered in January of the following year.

What is the procedure for processing?

All information on the application must be completed prior to submission. Incomplete applications may be returned. Applications are reviewed and approved/declined by an adjudicator and take approximately two weeks to process. If approved, you will receive a Voucher in the mail. You must take the Voucher to the organization/retailer you applied to.

Please Note: we do not process sport registration forms. They must be submitted by the parent to the organization that you are registering your child/children for.

How are the funds paid?

Funding for approved applications is issued in the form of a Voucher that is payable to the sporting organization/retailer. Once the organization or retailer receives the Voucher, they submit an invoice to KidSport North Bay for payment.

HOW YOU CAN MAKE A DIFFERENCE!

Donate!

Every dollar donated to KidSport North Bay helps more kids play sports. With your support we can ensure that no kids are left on the sidelines and can enjoy the positive benefits of sport.
