

Dear KidSport™ Recipient:

The grant you have received from KidSport is made possible because of the generosity of citizens and businesses in your community. It would be most helpful in our continuing efforts to raise funds for future grants if you and/or your child would take the time to send us a note regarding your child's experiences in their chosen sport.

We would like to include comments from our recipients in our promotional materials by mention of first name and sport. Please complete the following if you agree to have your quote included in any of our promotional materials:

Parent First Name: _____

Child's First Name: _____

Sport: _____

I agree to have my quote listed in any promotional material associated with KidSport Saskatchewan. I understand that only my first name or my child's first name and the sport will be listed with the quote.
